### Announcing the New DHRM Training Room

#### Message from Sherry Saracino, CPM Coordinator

I have news that I'm busting with excitement to share! Planning for Spring 2008 Courses became very exciting

because I was able tour, and then begin planning the use of, a new DHRM training room which will be used for Certified Public Manager® (CPM) classes!

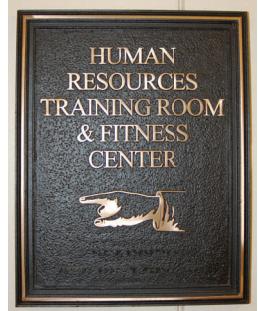

Located in the southeast corner of the newly re-dedicated State Capitol Building, the room is everything a CPM class could hope for! There is a large training room, breakout rooms, supply and coat closets, a kitchenette, and daylight windows. It is close to public parking and is easily accessible from an outdoor staircase.

I invite you to finish your CPM courses, or send an employee through CPM, in DHRM's new and fantastic training room. Thanks to David Hart and the Capitol Preservation Board for making the CPM training room a dream come true! To view more information regarding the Utah State Capitol, its reconstruction and renovation, or capitol tours, go to <http://utahstatecapitol.utah.gov>.

### How do I get to the DHRM Training Room???

The new DHRM training room is located in the basement of the Capitol Building. The Capitol was reopened in January after being closed for 4 years for renovations. We are so excited to be able to have this wonderful training room in this beautiful historic building.

First of all, you will need to know where to park! You may park in the visitor parking lot on the east side of the Capitol Complex. If that lot is full (or you'd like a little more exercise) park in the upper lot on the northeast corner of the Capitol Complex. Then walk toward the Capitol, staying on the east side.

From the east side of the Capitol Building, proceed down the stairwell to the basement. There are two stairwells going down and either one will do. Once inside, follow the signs (like the one above) to the room.

We hope you enjoy the space, as we know we

will enjoy having your class on Capitol Hill.

**"Well developed public leaders are essential to the highest performing government organizations. We are grateful to David Hart and the Capitol Preservation Board for helping us achieve the vision of this fine facility– a symbol of the importance of investment in the state's human capital."**

JJ Acker, MS, CPM  
Director, Utah Certified Public Manager® Program
